PX4 Reliability Signals

Upload period: 1 Jan 2025 – 31 Dec 2026

290,755
Logs in the Period

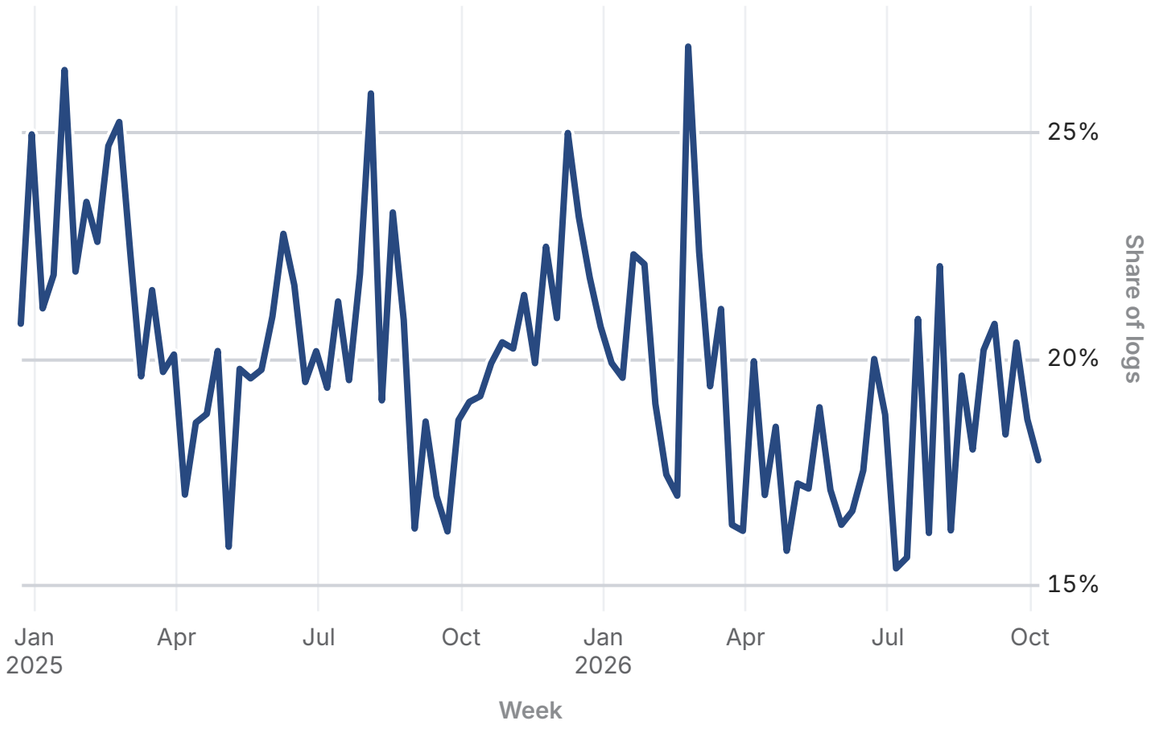

91
Logs Rated as a Crash by the Pilot

868
Logs with a Pilot Error Label

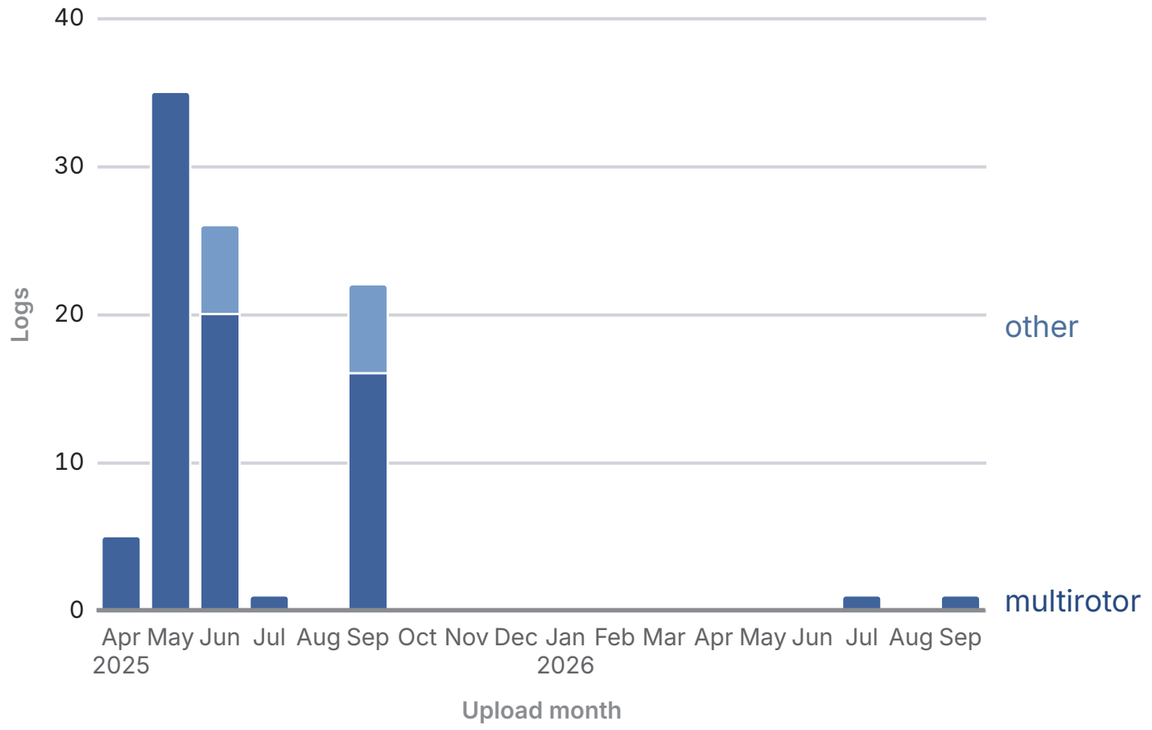

19.6%
Logs Where PX4 Logged an Error (Of All Logs)

Logs with a PX4-logged Error, Weekly

Logs with errors ÷ all logs uploaded that week.

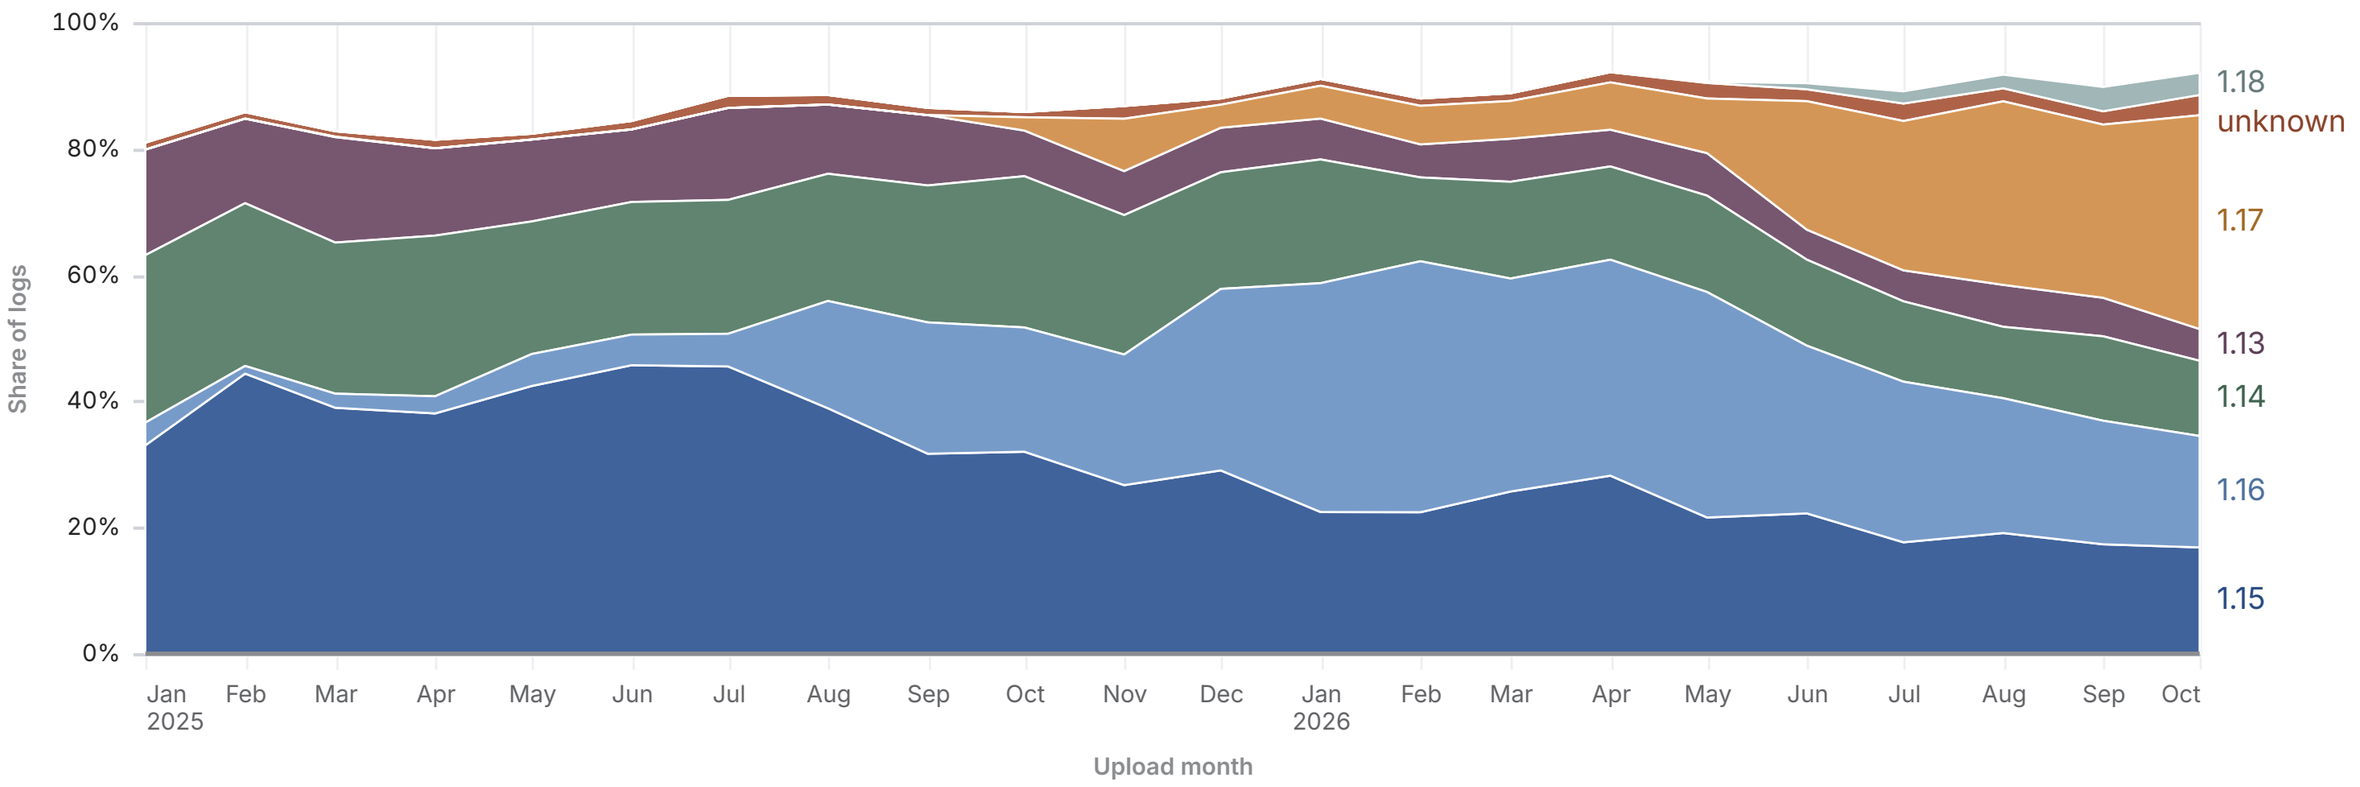

Crash-Rated Logs per Month, by Vehicle...

Which PX4 Release the Uploaded Logs Ran

Share of each month's logs (major.minor); older releases omitted, so columns may not reach 100 %.

Most Widespread PX4 Warnings and Errors

Ranked by how many logs contain the message (numbers replaced by

Level	Module	Message	Logs	Occurrences
WARNING	health_and_arming_checks	[health_and_arming_checks] Preflight Fail: Flight termination active	33	58
WARNING	health_and_arming_checks	[health_and_arming_checks] Preflight Fail: Kill switch engaged	27	27
WARNING	commander	[commander] Kill engaged	26	28
WARNING	failsafe	[failsafe] Failsafe activated	13	37
WARNING	commander	[commander] Disarming denied: not landed	8	8
WARNING	health_and_arming_checks	[health_and_arming_checks] Preflight Fail: Attitude failure (roll)	6	15
WARNING	vehicle_imu	[vehicle_imu] Accel # clipping, not safe to fly!	4	85
ERROR	vehicle_imu	[vehicle_imu] # - accel # timestamp error timestamp_sample: #, previous timestamp_sample: #	3	9,206
ERROR	vehicle_imu	[vehicle_imu] # - gyro # timestamp error timestamp_sample: #, previous timestamp_sample: #	3	9,206
ERROR	health_and_arming_checks	[health_and_arming_checks] Emergency battery level	3	6
WARNING	mc_pos_control	[mc_pos_control] Failsafe: blind land	3	5
WARNING	ekf2	[ekf#] primary EKF changed # (filter fault) → #	3	5
WARNING	mc_pos_control	[mc_pos_control] invalid setpoints	3	5
ERROR	health_and_arming_checks	[health_and_arming_checks] Low battery	3	4
WARNING	health_and_arming_checks	[health_and_arming_checks] Preflight Fail: Strong magnetic interference	3	3
